

Since 1971

EASI FILE

YOUR BLUEPRINT & DOCUMENT SOLUTION PROVIDER

EASI FILES

Comes in two models - Easi File with a one part lid, that opens with the door.

Access with a two part independent lid

Easi to File... Easi to Find

Save Space - 75% Over conventional flat files.

Save Time - Retrieve any documents in less than 15 seconds.

Ergonomically correct. No bending or stooping. All retrieval is done from a standing position.

Almost any size and type of document or material may be stored in sequence, including blueprints, plans, maps, film, artwork and digital media.

1 Easi File

3 Flat Files

Stores as much as

SIZE & CAPACITY SPECIFICATIONS

PART NO.	CAPACITY *	MAX DOC SIZE	HEIGHT	WIDTH	DEPTH	WEIGHT LBS.	SHIPPING VOLUME (CU.FT.)
EF & AX 50	1250	24" x 41"	47"	27"	18"	210	19
EF & AX 100	1250	34" x 44"	50"	37"	18"	280	27

EF300	1250	44" x 60"	50"	63"	18"	475	41
EF400	1250	44" x 72"	50"	75"	18"	540	55

*Capacity is base on 3-Mil documents

“HOW THEY HANGIN’?”

1. Open the Cabinet.

(Cut out is for illustration purposes only. Not on production files.)

2. Slide documents forward or back on the hanger bars.

3. Center the document you want to retrieve...

4. Remove (or replace) the document.

THERE ARE 3 WAYS TO STORE DOCUMENTS IN EASI FILE SYSTEMS:

1. Single sheets - using self-adhesive hangers (see pg. 6)
2. Groups or sets - using staple strips (see pg. 6)
3. For everything else - envelopes, which give your documents more protection (page 7)

*Once you use one,
you'll know
why they are called
"Easi Files."*

MCU-25	UPPER CART	30"	25"	31"	17 lbs.	MF25 FILE
MCL-25	UPPER CART	27"	17"	6"	7 lbs.	

AVAILABLE IN TWO MODELS:

MF15 for A and B sized blueprints and drawings.

MF25 for A, B and C sized blueprints and drawings.

Wheeled carts are offered for both files. (sold separately)

The MCU is an Upper Cart.

The MCL is a Lower Cart. It rolls below the Upper Cart to give optimum space usage.

SUPPLIES

Hangers

Polyester strips that adhere to individual blueprint and other large single documents, to hang in our cabinets. Simply peel off adhesive strip and attach to your document. HANGERS will go through most copiers.

PART NO.	LENGTH	PART NO.	LENGTH	PART NO.	LENGTH
EFH22	22"	EFH54	54"	MH11	11"
EFH24	24"	EFH56	56"	MH22	22"

EFH34	34"	EFH60	60"		
EFH36	36"	EFH72	72"		

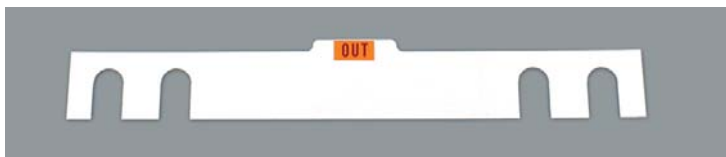

For groups or sets of blueprints and documents

Divider Cards

Made of heavy duty plastic with offset ID tabs for separating groups of blueprints and documents. Divider Cards make it easier to slide groups of blueprints and documents from front to back while sorting.

PART NO.	LENGTH	PART NO.	LENGTH
MFPD11	11"	EFPD32	32"
MFPD22	22"	EFPD53	53"
EFPD22	22"	EFPD68	68"

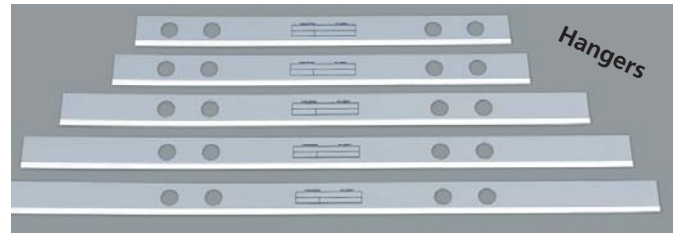

Here's a great idea: Give everybody in the office an Out Card with their name on it. Makes it so easy to refile, people actually do it!

Hanger Applicator

Designed for fast and accurate application of hanger strips. Especially useful for larger documents.

For single sheet blueprints and documents

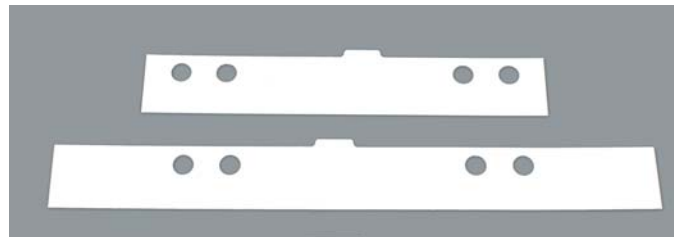

Staple Strips

Heavy duty plastic, designed to support blueprints and documents gathered in sets. The strip is pre-punched and includes staggered identification tabs. Blueprints and documents are easily stapled onto the strip.

	PART NO.	LENGTH		PART NO.	LENGTH

	MFSTS11	11"			
Holds 50 sheets	MFSTS22	22"			
	MFSTS24	24"			

Mini File Heavy Duty - Not Available

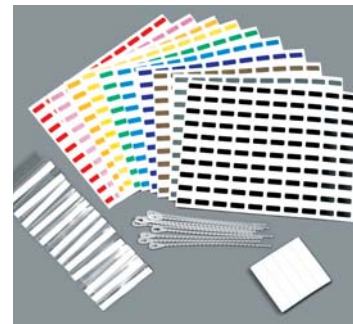

Out Cards

Made of a heavy duty plastic and extends above the normal hanger strip. Marked with a bright red "OUT" label to identify the position of any removed documents.

Index Kit

Color code documents for easy identification in the cabinet. The kit contains 1,000 tabs of ten different colors, 12 self-adhesive index tabs, and 10 grouping ties for tying bundles of documents together.

Pro-One™ Protective Envelopes

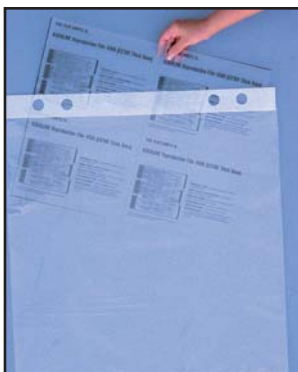

PRO-ONE™ is a rugged, reusable transparent envelope that is large enough to fully cover your blueprints, engineering and architectural documents, maps, film, artwork, and other printed materials.

Unlike lamination (which permanently encase individual plan pages in plastic), with the *Pro-One™* you slip one sheet or a full set of plans in and out with ease.

The newest *Pro-One™* envelope has two or four plastic sleeves for viewing up to four or eight individual pages, without removing your plans from the envelope.

Pro-One™ holds documents as small as CD's, photographs, and blueprints and plans up to 34" x 44". They're reusable.

Upper and Lower Carriers

All Rack file systems use rugged 2-part plastic slide-in/slide-out file carriers. File carriers provide immediate access to blueprints and documents for filing or removal. Blueprints and documents are easily stapled to the file carrier.

Identification flags are included with lower carriers.

Heavy Duty Carriers

Heavy Duty carriers perform the same function as the plastic carriers shown at left. Heavy Duty Carriers are 100% metal and hold approximately 175 bound drawings. Your bound drawings are divided in half, and hang over the metal bar; no stapling required.

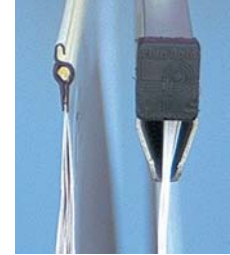

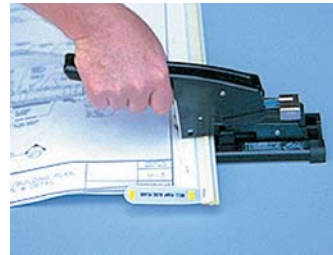

PACK RACK SUPPLIES

PART NO.	** LENGTH	DESCRIPTION
PRUCA **	22" 24" 30"	UPPER CARRIER
PRLCA **	34" 36"	LOWER CARRIER

* Add HD after length for Heavy Duty

Store More in Less Space

Compare a File Carrier (approx. 1/4" wide), to a conventional file clamp (approx. 1" wide). The File Carrier requires only 25% of the space to store the same blueprints and documents.

"The Manager"

Organize & Store Rolled Drawings

Never, ever roll your blueprints. It damages the prints. They develop "Memory" and won't lay flat. If we can't convince you otherwise, here is the best way to store them.

Economical solution for storing plans. Sturdy, corrugated cardboard with reinforced bottom. Identification labels on interior and exterior. 16 slots @ 4" x 4" or combinations of 4" x 4", 4" x 8", and 8" x 8".

* For larger envelope, please call for information.

AP72 Divider Kit Can use up to 3 kits per file.

Steel Hangers

The hanger is inserted through the top edge of the envelope, distributing the weight across the full width of the envelope for greater strength.

PERFECT FOR FILING

Photographs, Negatives Artboards,
and Large Materials

AP72

Designed for the graphics industry to store large format materials. The system uses single or multiple compartment polyethylene envelopes which are suspended on a steel hanger. There are three models available:

AP 18 desk top unit for 18" envelopes

AP 36 for 36" envelopes

AP 72 for 72" envelopes

Stic Strip®

°A permanent solution to sheets tearing out from binders, manuals, catalogs or any documents in ring or post binders. The STIC STRIP is self-adhesive and permanently attaches to you're A or B size drawings.

FLAT FILES

C- Files

Mayline's self contained C-Files are available in both five-drawer and ten-drawer units complete with integral cap.

- Self contained design with integral cap.
- Flush base or 20" high base with bookshelf.
- Bolt together for stacking, up to three high.
- Models to accommodate three sheet sizes.
- Five-drawer units have drawer height of 2" each; ten-drawer units are 5/8".

Museum Files

Museum File were specially designed as a quality storage system to keep valuable document and artifacts protected from harmful elements. mayline's museum files feature all the great benefits of C-Files, however, paint finishes, drawer rails and case construction are specially designed and manufactured with media safety in mind.

- Available in both five-drawer and ten-drawer and in three sizes.
- Fully enclosed flush base.
- Finished in no-outgassing paint.
- Delrin rollers with fully-encased ball-bearings.
- Include all the great features of Mayline C-Files.

Vertical Clamp Files

Mayline Vertical Clamp Files have an easy-to-use clamp that grips sheets securely without punching or stapling. Mayline clamps and pivot hangers have been designed to be interchangeable with the systems of other manufactures, so you can easily integrate Mayline clamps or components into your existing system.

- Clamps available in five sizes; 18", 24", 30", 36", 42".
- Each clamp holds up to 100 sheets.
- Spring-loaded metal mounting clips.
- Metal wing knobs, not plastic.
- Clamps and pivot hangers work with other manufacturer's systems.
- Multiple stands to choose from.

* See price list for Part numbers

EASI CARRIER

The efficient, professional way to transport large documents such as blueprints, schematics, maps and artwork. Provides a full view display with a firm writing surface for the entire document.

Transport blueprints and large documents neatly, safely and conveniently with the EASI CARRIER. Unique system eliminates "curl" that makes rolled documents hard to handle. The EASI CARRIER is engineered from durable, heavy duty materials designed to stand up to harsh weather and construction environments.

Each EASI CARRIER is constructed with extra pockets and a rugged zipper closure.

The EASI CARRIER is compatible with all EASI FILE cabinets and *PRO-ONE*™ Envelopes to make a complete large document storage and transportation system.
