

PACK RACK

Portable filing system. Holds up to 50 sets of blueprints and documents (50 per set).

Available in four styles:

- Open Frame
- With Lid
- Foldable Table Top
- Tilted Table Top

PACK RACK with foldable table top

PACK RACK with tilted table top

PACK RACK open frame

PACK RACK with lid

PACK RACK with foldable table top

Upper & Lower Carriers

All Rack file systems use rugged, 2-part plastic slide-in/slide-out file carriers. File carriers provide immediate access to blueprints and documents for filing or removal. Blueprints and documents are easily stapled to the lower carrier, with included identification flag.

Wall Rack

The convenience and efficiency of Pack Rack in a wall mounted unit.

Mini Rack

Our ultra-compact flat wall unit which can be mounted on a regular wall, door, or partition in a modular office.

PART NO.	DESCRIPTION	USES CARRIERS	MAX DOC CAPACITY	MAX DOC SIZE	HANGER CAPACITY	WIDTH	DEPTH	HEIGHT
